To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Andrew Gauthier. I had the opportunity to work with Andrew as a student in my eighth grade language arts class and through a middle school and high school fishing mentor program.

During the past five years I've had a great time getting to know Andrew. He is a very unique individual that stands out by the things he does and through his leadership skills. As a student in my class Andrew did his best on his assignments. Andrew knows his own strengths very well and uses them to his advantage to help him succeed in a variety of situations. On the athletic field Andrew holds himself to a very high standard and pushes himself constantly to always try and reach his highest level of success. Through a middle school and high school mentor fishing program I was able to mentor Andrew and get to know him even better. Andrew has strong morals and a good sense of self. He often does not participate in the negative behaviors of his peers around him and this speaks highly of his character.

I was extremely pleased to have the opportunity to work with Andrew as a student in my eighth grade language arts class and as a mentor fisher. He does the best he can at every task that is set before him, and he is enjoyable and easy to work with. His positive attitude bleeds into the people around him. Andrew is an incredible example to both younger students and his peers.

Sincerely Yours,
